MESSAGE

I am pleased to learn that the Vigilance Department of Government of Mizoram is bringing out an e-book to outline important achievements for the year 2019-2020.

The importance of the Vigilance Department in the functioning of any modern Government cannot be emphasized enough. This relatively low-profile Department has important functions to perform, especially now, with the institution of Lokayukta in the State of Mizoram. For a Government and an administration to be efficient and transparent, the integrity of its employees is critical and the Vigilance Department has the responsibility of ensuring that employees not only abide by Government rules but that corruption in any form is not tolerated. This is true especially in a State like Mizoram with a large number of Government employees viz its population.

This e-book encapsulates the work carried out by the Department over the past one year and is testament to the dedication of all its employees.
